

University of Stuttgart

Institute for Nonlinear Mechanics

The Institute for Nonlinear Mechanics at the University of Stuttgart conducts exciting research at the intersection of mechanics, nonsmooth and nonlinear dynamics, legged robotics, and rehabilitation. We are currently looking for talented and highly motivated applicants for a postdoctoral research position.

This is a broad search, targeted at excellent candidates who seek a position to develop and establish their own long-term research agenda while supporting the Institute's mission of excellence in research and teaching.

We are looking forward to getting to know you. If you have any questions about this position, feel free to contact Prof. Remco Leine and/or Prof. David Remy.

More information about our institute can be found on our website <https://www.inm.uni-stuttgart.de/>

To apply, please email a single PDF to sekretariat@inm.uni-stuttgart.de containing:

- A short (about one-page) description of your research vision
- A link to your PhD dissertation
- Copies of your three best papers
- Your CV
- Names and contact information of up to three references

| | |
|-----------------------|---|
| Starting Date: | As soon as possible |
| Application Deadline: | Open until filled |
| Location: | Institute for Nonlinear Mechanics, University of Stuttgart, Germany |
| Salary: | Competitive payment is offered at level TVL-E13 |

The University of Stuttgart is an equal opportunity employer. Applications of women are strongly encouraged. Severely challenged persons will be given preference in case of equal qualifications. You will be hired by the Central Administration.

You will find further information regarding data protection of applicants in accordance with article 13 DS-GVO <https://uni-stuttgart.de/datenschutz-bewerbung>.
